

HEALTHCARE SYSTEM 2.0

Major system upgrade for home healthcare operations.
Real-time communication via WhatsApp & instant alerts.
100% serverless security on Firebase Free Spark Plan.

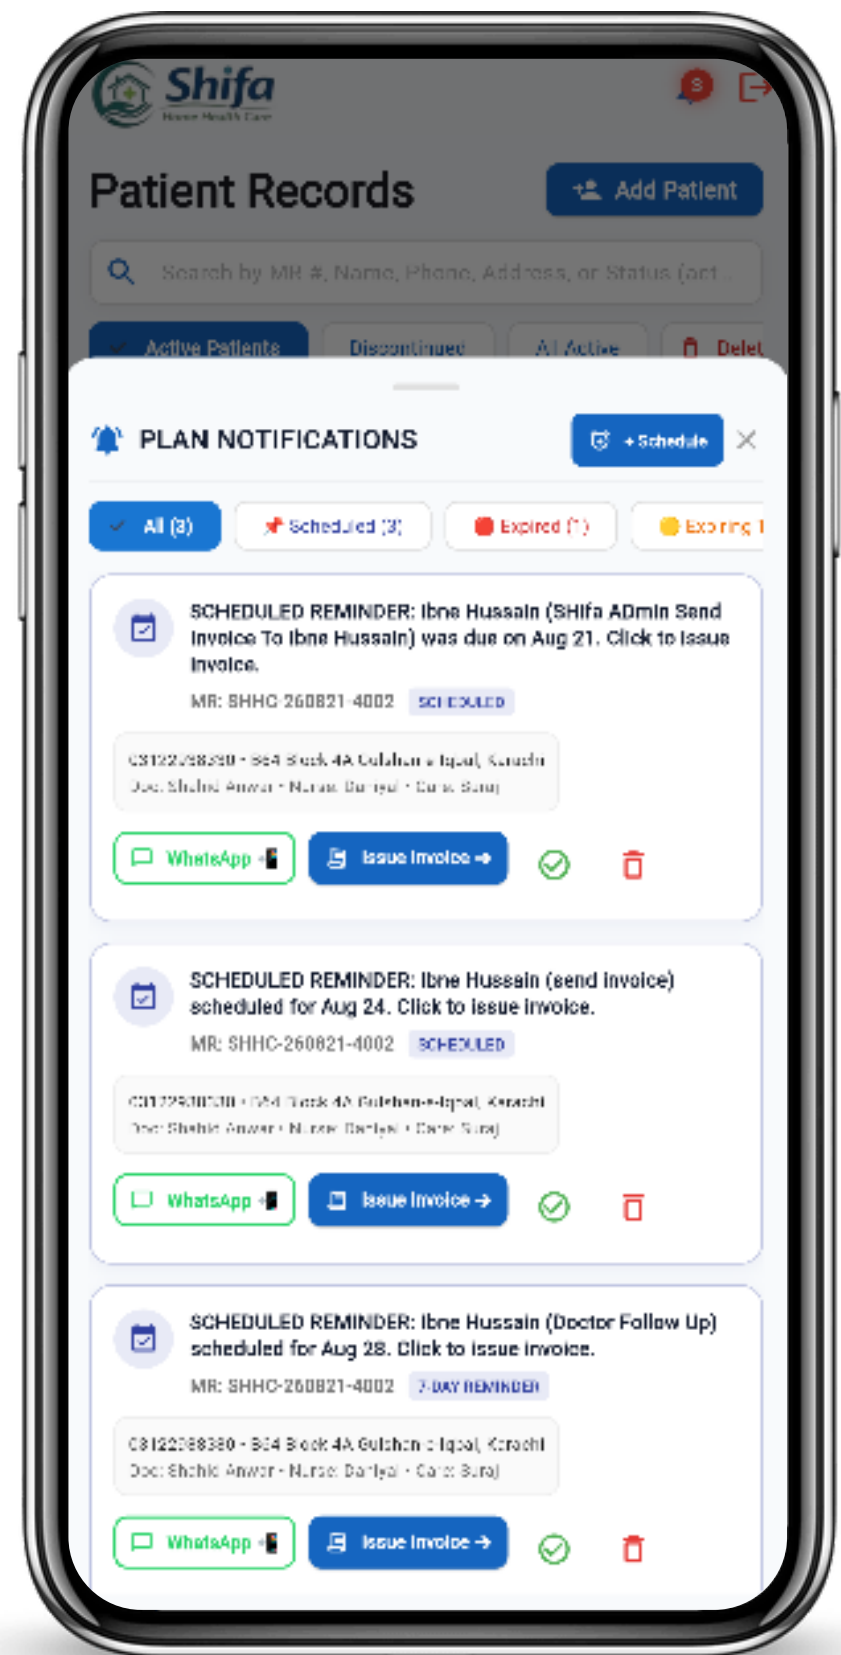

1-CLICK WHATSAPP DISPATCH

**Instant PDF & receipt
dispatch** directly to patient
families.

Auto-generated message with
total due and service
breakdown.

Saved staff 10+ minutes per
patient compared to manual
emails.

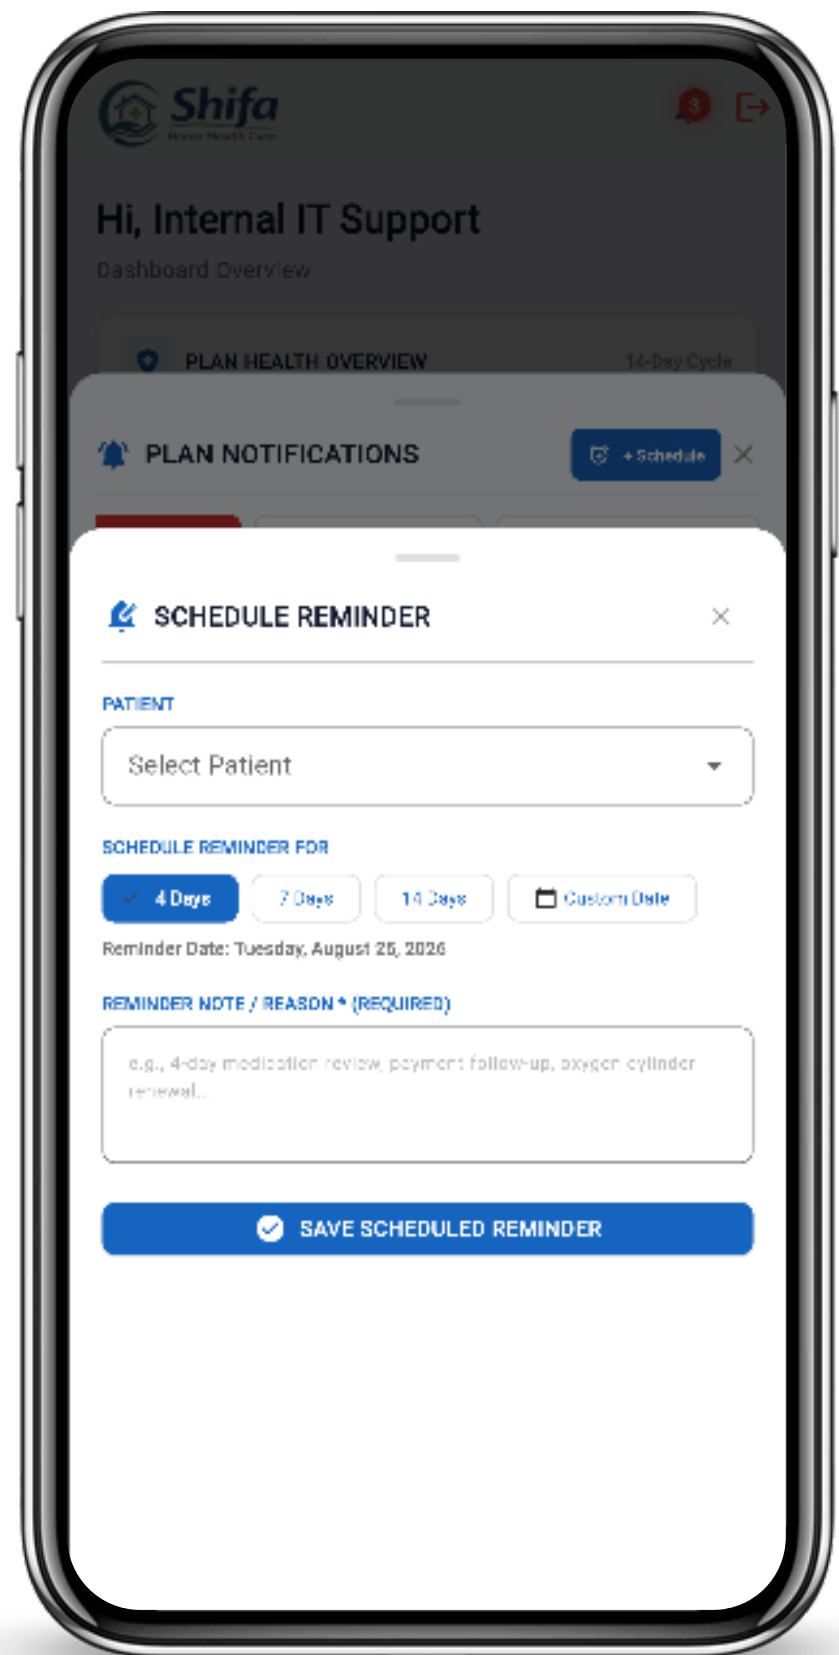

INTELLIGENT CARE ALERTS

3-Day & 1-Day countdowns before patient care packages expire.

Live badge counter in the top notification bell.

Zero missed renewals — ensures continuous patient care.

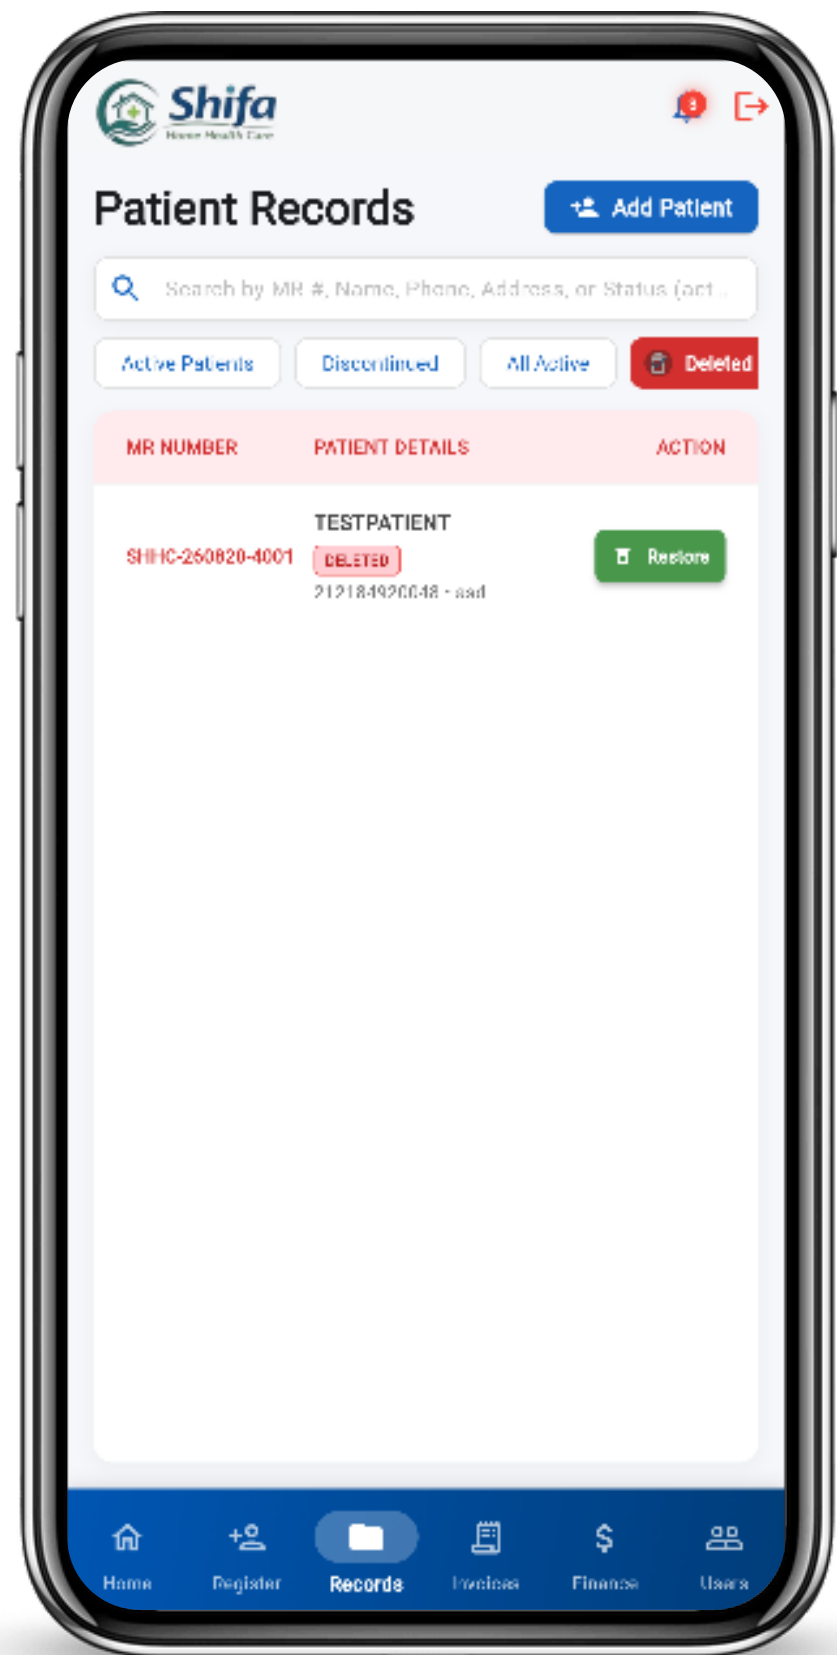

ATOMIC TRASH & RESTORE

Non-destructive soft-delete keeps all audit logs intact.

1-Click restore recovers patients and linked invoices atomically.

Zero data corruption in financial ledgers and past reports.

ZERO-COST ARCHITECTURE

100% Firebase Spark Plan
— zero recurring server bills.

Zero Cloud Functions —
eliminates cold starts &
latency.

Instant session kickout
across all devices when an
account is deactivated.
